**SHARE THE MOMENT. SHARE THE TASTE.** The COSMO is the perfect place to share delightful moments with those you feel related to. Our concept of "sharing" perfectly emphasises this aspect: Can there be anything nicer than to share good food and embark on a culinary journey together? We serve our sharing-meals in a manner that enables everybody sitting at the table to try and eat them. We always try to use local ingredients. If necessary, ingredients from the EU and non-EU are used.
